

Warning! I am reading Karl Barth again, no, still, probably always. Often he is on target for our times, even though he wrote nearly one hundred years ago. Where I am now reading in his massive works he speaks about the church. I have mentioned this before but it is worth repeating. "The communion of saints," that is Christ's elect, the church, "needs defense, protection, and preservation because it is in danger. It was always in danger. As long as time endures, it will always be in danger." It is easy to see why the very early church was in danger. It was a tiny outpost of dissidents in a very large and dangerous world which hated it. All the political power of the world hated it; the religions of the world despised it. It stood for everything that they did not. It still does. The true church of Jesus Christ is always in danger. It is in danger from what Paul calls the powers and principalities of the spiritual realms who if they can will obliterate it and all traces of it.

My claim, which includes and extends Barth's is that the church is in danger in three ways. First it is in danger where there is physical persecution, where persons who confess Christ as Lord and live accordingly are beaten, jailed, and martyred. Second, and often more effectively, danger lurks where there is indifference to the church. And third, the danger we begin to face in our time, is that people project their fantasies onto the world.

The church is in danger when it is dangerous to be a church member and more dangerous to be a confessing Christian. The world does not want to hear the true gospel message for this message dismantles all power structures but those which occur naturally in living out the Christian faith. The church is ordered under the Lordship of Christ. If Christ is Lord and there is no other then all political, social, and religious power is dismantled or subsumed under the Lordship of Christ. The world if it can, will simply not allow this to happen. There are times when through violence the church is suppressed. The church, amazingly, often grows under such persecution. The powers and principalities are not dumb. Something different is needed.

Enter a new tactic. Barth in his prophetic perception sees this. It is as if he is looking ahead fifty to one hundred years. He is again worth quoting. "(The forces on the community move from direct physical and violent persecution to a time of "trial".) ... it (the church) comes under pressure ... in a more innocuous form. It is not perhaps required to surrender to error or unbelief, or to suspend its activity, or to disband, or to deny its confession, etc., but only to practice greater reserve." In other words, to cease its public witness, or reduce its now ineffective witness to that which can be accepted by all and everyone, "to make a few concessions ... to accept certain adjustments." Finally, and here lies the most effective so far of all the tactics used to subdue the church, "The world does not allow itself to take seriously the disturbance caused by the community (of Christ). It quietly accepts it. It uses the most terrible weapon of intolerance – toleration. It meets it with sheer indifference." The world allows the church to go on its own merry way because the church no longer matters and the church no longer matters because it has now ceased to be a witness to Jesus Christ.

This is our world today. We, as a culture no longer believe much of anything that the church proposes as truth, for there is no truth so we can be ignored. We, again as a culture, certainly do not believe ourselves to be under the sway of "powers and principalities in the spiritual realms," or for most people that there are spiritual realms – except of course for ghosts and goblins and Bigfoot and UFOs and Tarot cards and astrology and ten thousand other inanities. But that Satan and his minions exist and control world events to their liking, not likely. But Satan and his demonic hosts having convinced us that they no longer exist have moved us into this world of indifference and beyond. They have moved us into the world of fantasy. That is, reality is what I make it to be. That is the place, beyond Barth, at least in His fourth volume of Church Dogmatics, book two, that I see us living into in the early 21st century. What is true is what I believe to be true and that is troubling. It destroys any concept of revealed truth, bedrock truth given to us by the God who created us.

The only way I see back is through sitting together and reading Scripture as God's revealed word to us, revealing God's word in the flesh, Jesus Christ, the Way, the Truth, and the Life, the only way to God the Father. That Truth will change the world, again!

The season of **Lent** is a time of prayer, fasting and self-examination in preparation for the celebration of the resurrection of the Lord at Easter.

It is a period of 40 days — like the flood of Genesis, Moses' sojourn at Mount Sinai, Elijah's journey to Mount Horeb, Jonah's call to Ninevah to repent and Jesus' time of testing in the wilderness.

The first Sunday of Lent will be celebrated on March 1st.

FROM THE POKE RUN TRUSTEES

Please use your best judgement for coming out to church events. And remember, there is no "winter maintenance" in the Poke Run cemetery. Please use extreme caution when driving through the cemetery.

And the Trustees would like to remind you to use the Elevator! Poke Run is a completely accessible building thanks to our elevator—and it runs better when it is used **OFTEN!**

**Make
your church
the safest
place in town.**

The Trustees are putting together a committee to improve the safety and security of Poke Run Church. This will include safety plans for people in the building, safety response information to help First Responders who might be called to Poke Run, general building safety measures, and more. They need your help! Maybe you have just the expertise to assist? Maybe you offer the care and concern that will help us all?

Please call the office if you can help. Thank you in advance!

STEP ONE WILL BE: numbering the Poke Run points of egress—you will see numbers on the doors—these will help any Emergency Responders who might be called to Poke Run.

POKE RUN HAS A NEW LOGO

Designed by *Reflex Brands*, who is working on the new Poke Run website, the Poke Run Session voted to adopt the new logo at left. Watch for it as we begin to incorporate it into "everything Poke Run!"

It was inspired by the cross hanging in the front of our sanctuary.

We'd like to share some history about this cross in next month's *Ranger*.

If you have information or photos that include the cross, please share them with the office. The new website is coming along and will be revealed soon! The goal remains to create a viable website that will provide key communications for Poke Run members and welcoming communications to the Poke Run community.

Reread Matthew 25:31-46 Notice the righteous and unrighteous responses to Jesus in verses 37-39 and 44. We know that neither of them were aware of the times they had helped or ignored those in need. Christian responses are through the work and guidance of the Holy Spirit. People with the Spirit, know Christ. Those without the Spirit, don't know Christ. Pray for the Holy Spirit to be in you.

The next "Soup for the Soul" will be Wednesday, March 11th.

(Broccoli Cheese Soup) Bring a friend!

- **NEEDED** If you are able to donate a dessert this month, please contact the office.
- doors open at 11:30am, soup is served at noon. Come and bring a friend,

From the Poke Run Treasurer

From the Budget& Finance Committee

We want to thank everyone for their continued financial support to Poke Run. It is a blessing how you have supported the Church, its program and missions. 2019 giving was strong and The Current Fund finished in a positive condition vs. the Budget. First Fruits (the old Per Capita) giving met our 2019 pledge to Presbytery. With the help and guidance of RBC, The Poke Run Endowment Fund with our investment portfolio performed well in 2019. Furthermore, The Budget and Finance Committee has representatives from the Deacons, Session and Trustees to support the overall projects of the Church. In particular, we work with the Deacons, Christian Education and Mission & Stewardship Committees to fund their needs and budgets. In addition, some major infrastructure projects like the kitchen, chimney, and roof projects were completed in 2019 and paid for. In summary, the giving was strong, we watched our expenses, and our outreach programs continue to grow.

Exciting things are planned for 2020. Thank you for your past generosity, and continue to keep Poke Run in your prayers, thoughts and giving. Happy New Year to All.

The “FIRST FRUITS” offering is Poke Run’s commitment to the larger church. The 2020 suggested contribution remains \$42.50 per member.

Christ at work in our midst

Ministry Partnership Recognized

Recognizing the needs of children who were under-performing in developing reading skills, Trinity United Presbyterian Church developed a new summer reading camp in 2006. Developing this critical skill during those crucial years is imperative for future success.

Initially, they sponsored and hosted the camp at the church facility, but in 2016, the summer ministry made an important choice. Why not have the program hosted at the East End United Community Center. Many of the children who had been participating were being brought from the Center for this summer educational experience. As a result, children in two classrooms were able to experience reading in a positive, fun and safe environment.

At the 2020 East End United Community Center M.L. King Breakfast, the Church was recognized with the M.L. King Service Award for their dedication to the children and the East End Community Center. Additionally, certificates of recognition were also received from public officials. While recognition is not the goal, the effective partnership with community groups and agencies represents a critically important way we live out our calling as disciples of Jesus Christ.
